Skilled in UI development, API integration, and collaborative development environments. Passionate about clean code, performance optimization, and continuous learning.

TECHNICAL SKILLS

- Web Technologies: HTML 5, CSS, Bootstrap, JavaScript, Responsive Design, React JS.
 - Programming Language: Java.
 - Editing Tools: Canva, Figma, Loveable.
 - Working Tools: VS Code and Antigravity.
 - Version Control: Git, Github.
-

SOFT SKILLS

- Problem Solving
 - Team Collaboration
 - Adaptability
 - Communication
 - Time Management.
-

EXPERIENCE

Front End Developer Six Sigma Solutions, Salem

Sep 2025 - Dec 2025

- Developed responsive web pages using HTML, CSS, JavaScript, and Bootstrap.
- Built reusable and interactive UI components using React.js.
- Collaborated with backend teams to integrate RESTful APIs.

Full Stack Developer Trainee Besant Technologies, Chennai

Oct 2025 – Present

- Built full-stack applications using React, Node.js, and JavaScript.
 - Designed and consumed RESTful APIs for frontend-backend communication.
 - Implemented authentication and database services using Firebase.
-

ACADEMIC PROJECT

Communication in Black Spot Using LoRa Technology

Final Year Project | 2024 – 2025

- Designed a communication system for network dead zones using LoRa technology.
 - Implemented long-range, low-power data transmission using Arduino and GSM modules.
 - Enabled emergency message transfer in areas without mobile network coverage.
-

PROJECT

DM Health and Wealth

- Developed a responsive health platform using React and modern UI principles.
- Implemented user authentication and data storage using Firebase.
- Optimized performance and usability for better user experience.

Live URL: <https://dmhealthy.com/>

Netflix Project

- Built a subscription-based video streaming UI using HTML, CSS, and JavaScript.
- Integrated third-party APIs to display dynamic movie and TV show data.
- Designed responsive layouts for desktop and mobile devices.

Live URL: <https://netflix-project-five-xi.vercel.app/>

Temple GYM

- Created a fitness platform for workouts, trainers, and membership details.
- Implemented authentication and user management using Firebase.
- Built responsive UI using HTML, CSS, and JavaScript.

Live URL: <https://temple-gym.netlify.app/>

Todo List

- Developed a responsive To-Do List application using HTML, CSS, and JavaScript.
- Implemented add, edit, and delete functionality with dynamic DOM manipulation.
- Improved user experience with input validation and local state management.
